A monthly newsletter of program highlights, events and resources to make the most of your mentoring relationship.

Jenna Pavlovich, our Mentor Coordinator, has left us to pursue an opportunity with the Reading Area School District. While it’s hard to see a valued staff member depart from our organization, it’s always great news when someone is offered a position that provides greater opportunity for professional advancement. We are deeply grateful to Jenna for her professionalism, insight and dedication to our students.

Curriculum: What’s happening in the CCF classroom?

9th Grade: Transitioning into 9th Grade
10th Grade: PSAT Prep
11th Grade: SAT Prep
12th Grade: Personal Branding

What Makes A Good Mentor?

**Mentors listen.** They maintain eye contact and give mentees their full attention.

**Mentors guide.** Mentors are there to help their mentees find life direction, never to push them.

**Mentors are practical.** They give insights about keeping on task and setting goals and priorities.

**Mentors educate.** Mentors educate about life and their own careers.

**Mentors provide insight.** Mentors use their personal experience to help their mentees avoid mistakes and learn from good decisions.

**Mentors are accessible.** Mentors are available as a resource and a sounding board.

**Mentors criticize constructively.** When necessary, mentors point out areas that need improvement, always focusing on the mentee’s behavior, never his/her character.

**Mentors are supportive.** No matter how painful the mentee’s experience, mentors continue to encourage them to learn and improve.

“Every great achiever is inspired by a great mentor.”
