

## Set Up or Contribute to a Scholarship Fund through Chester County Futures

Chester County Futures provides additional scholarships, outside of the \$6,000 that its students are eligible to earn during their tenure in the program, to its students. These scholarships are from funds started by individuals and corporations. The minimum donation to start a scholarship fund is \$2,000. Scholarship recipients are selected through an application process or can be determined by the Chester County Futures program staff. Scholarships are given out in increments from \$500-\$1,500 and may be given to one student or multiple students. Scholarship funds are generally not one time payouts; CCF usually requires that the fund be distributed over a period of not less than two years. The scholarship can be replenished at any time, but may not be cancelled until all of the funds held in the account are disbursed. Scholarship donations are tax-deductible to the fullest extent of the law. A tax receipt will be provided to the donor upon the donor's donation and not at the time of disbursement of funds. Scholarships are given to graduating seniors who plan to pursue a post-secondary education upon their graduation from high school.
