### WHAT IS A TALENT BANK MENTOR?

Since 1996 Chester County Futures has given mentoring, academic, and scholarship help to nearly 200 low income high school students. Teens who faced poverty, neglect, ill health, language barriers.

But theirs is a story of hope, perseverance, and success. Every single one made it through high school. An astounding 90% headed off to college or special training. Despite formidable odds.

It took lots of people-power to support, guide and encourage them. That's why we turned to mentors. Older, wiser adults with time to share. We need hundreds more mentors for students still waiting for help. We call them Talent Bank Mentors because they invest in Chester County's future by sharing talents, expertise and skills with needy students. Register today. Share just an hour of your time, once and done.
